An old estatets consisting of several thousands of acres of productive soil has been divided into Farma of various sisos to suit the purchiter. A population of some Fifteen Hundred, from various parts of the middle States and New England have settled there the past year, improved the piacea, and raized excellontarops. The price of the land is at the low sum of from \$15 to \$20 per acre, the soil is of the hest quality for the production of Wheat, Clover, Cron, Peaches, Grapes and Pegatables. IT IS CONSIDERED THE BEST FRUIT SOIL IN THE UNION. The place is perfectly secure from frosts—the destructive enemy of the farmer. Crops of grain, grass and full are now growing and can be seen. By examining the place itself, a correct judgment can be formed of the productiveness of the land. The terms are are made easy to secure the rapid improvement. The result has been, that within the past year, some tree hundred houses have been erected, two mils, one steam, four storce, some forty theyards and Peach orchards, planted, and a large number of other improvements, making it a desirable and acretive place of business.

THE MARKET,

as the reader may preceive from its location, is the

BEST IN THE UNION.

This DELICIOUS TONIO

especially designed for the use of the Medical Profession and the Fault, possesses those intrinsic medicinal properties (Tonic and Dinretic) which belong to an Old and PURE GIN. The business of manufacturing spurious gins, and offering them as beverages, under the titles, "Aromatic,"-" Cordial,"-" Medicated," etc., has become so common, that the public are justly suspicious of nearly everything that is offered under similar forms, and the trade has thus been brought into disrepute It has remained for our house (established in 1778) to supply the pressing popular need, and to inaugurate a new era in the history of the Trade. We trust that our established reputation - founded upon eighty years of experience - abundantly vindicates our claim to public confidence. RT. 13. comparison of "Bininger's Old London Dock Gin"
